Dear Ms. Lindsey,

On behalf of the Saginaw County Prevention Coalition, I would like to add our voices to the choir that support of your pursuit 298 Pilot RFI Submission. As an organization that sees just how great the needs are in the Saginaw County, we understand just how very important the services of SCCMH are to our community.

We have faith that the increased efficiencies this pilot of afford would allow you all to address preventative services to a greater extent and assist our many underinsured and uninsured neighbors.

It is the discipline of community organizing that the best people to advocate for systemic change are the people that are impacted by the systems. This belief is shared at SCCMH and is a part of the very fabric of the organization. If there is any additional information that Saginaw County Prevention Coalition can provide to you, please don't hesitate to contact me.

Blessings,

Joyce J. Seals
