Dear Sandra:

Tri-County Alliance on Mental Illness has had a longstanding partnership with Saginaw County Community Mental Health Authority (SCCMHA). Our local NAMI chapter is dedicated to improving the lives of persons living with serious mental illness and advocates on their behalf.

Some of key contributions that have benefited individuals in the Saginaw Community Mental Health System and we want to be sure continue under pilot status should SCCMHA be selected.

- Person Centered Planning and Family Driven and Youth Guided Practice
- Recovery Focused Practice
- Trauma Informed Practice
- Self Determination
- Community Inclusion
- Evidence Based Practices
- Integration of Behavioral Health and Physical Health
- Access Assurance to the Public Community Mental Health Services Benefit
- School to Community Transition Planning
- Cultural and Linguistic Competency of the service network and workforce

Tri-County AMI looks forward to the continuation of our collaboration with SCCMHA as it embarks on its hopeful selection as a 298 Pilot site. We look forward to working with SCCMHA as we have for more than two decades to inform the pilot process so that it offers the best access and service quality to consumers and their families.

If you have any questions please contact myself at the address above.

Sincerely,

Eileen A. Vescio, President  
Tri-County Alliance on Mental Illness
