

2017-18 Network Service Providers

Saginaw County Community Mental Health Authority (SCCMHA) works with a number of providers to provide a full service array for persons with disabilities in Saginaw County. For persons in need of outpatient services we offer such services as Autism, Psychiatry, Supports Coordination, Case Management, and Therapy both individual and group. For persons needing supports in the community we offer community living supports, respite, specialized residential services and for those persons needing increased supports we offer crisis, mobile urgent treatment team and inpatient psychiatric services. We also offer rehabilitative supports such as nursing, dietary, physical therapy, occupational therapy and behavior services to assist persons to live as independently as possible in the community. Our goal is to keep persons living in their community with the supports they choose to have around them.

SCCMHA wants to say welcome to any new providers to our network and thank you to all new and existing providers for your hard work and dedication to persons with disabilities in Saginaw County. It is our goal to work collaboratively with all providers in our network to deliver a high quality services and we look forward to continued collaborative work. We appreciate the work of all providers in the network and thank them for the hard work they do each and every day.
