Saginaw County Community Mental Health Authority Awarded Three-Year CARF Accreditation

SAGINAW, MI – Saginaw County Community Mental Health Authority (SCCMHA) received notice that they were awarded another Three-Year Accreditation from the Commission on Accreditation of Rehabilitation Facilities (CARF) after their site visit on September 25-27. This is the sixth 3-year accreditation that the international accrediting body has awarded to SCCMHA.

This accreditation outcome represents the highest level of accreditation that can be awarded to an organization and shows the organization's substantial conformance to the standards established by CARF. An organization receiving a Three-Year Accreditation has put itself through a rigorous peer review process. It has demonstrated to a team of surveyors during an on-site visit its commitment to offering programs and services that are measurable, accountable, and of the highest quality.

CARF is an independent, nonprofit accrediting body whose mission is to promote the quality, value, and optimal outcomes of services through a consultative accreditation process that centers on enhancing the lives of the persons served. Founded in 1966 as the Commission on Accreditation of Rehabilitation Facilities, and now known as CARF International, the accrediting body establishes consumer-focused standards to help organizations measure and improve the quality of their programs and services.

"We are very pleased with the results of the accreditation process," says SCCMHA CEO Sandra Lindsey. "The real winners here are the consumers and families we serve. This accreditation means that consumers can be confident that SCCMHA has made, and will continue to make, a commitment to enhancing the quality of our services and programs."

As quoted on the CARF Survey Report "A belief in potential, a right to dream, and an opportunity to achieve represents the SCCMHA vision for those served. This person-centered philosophy is woven through the organization and embraced by each employee and consumer. The organization continues to inspire excellence in its operations and is a community leader, promoting collaborative care and community engagement."

Programs and services surveyed included Assessment and Referral: Mental Health (Adults, Children and Adolescents), Case Management/Services Coordination: Mental Health (Adults, Children and Adolescents), Community Integration: Integrated IDD/Mental Health (Adults, Children and Adolescents), Crisis Intervention: Mental Health (Adults, Children and Adolescents), Intensive Family-Based Services: Mental Health (Adults, Children and Adolescents), and Outpatient Treatment: Mental Health (Adults, Children and Adolescents).

For a complete copy of the survey report, contact SCCMHA at (989) 797-3400.
