Any recommended changes should be returned to Ryan by June 3, 2022. *Note: there are several board policies associated with different committees that will be reviewed by all committees.* 

## VI. OTHER ITEMS OF IMPORTANCE

Sandy and senior staff attended a recent MDHHS meeting on topic of Public Health Emergency (PHE) Unwind. When the federal emergency orders officially expire (likely estimated for October) this will likely result in notifications needing to be sent to beneficiaries about the re-start of Medicaid redeterminations. There will likely be problems as annual benefit determination have not been completed since the start of the pandemic and no one beneficiary as a result has lost Medicaid coverage. The Medicaid Redetermination Process will be complicated, particularly for any beneficiary that has changed their address, phone, email addresses and not alerted MDHHS.

Beneficiaries need to be encouraged to correct their contact info in State of Michigan's CHAMPS system. There will be policy and eligibility concerns as well. The Department will be pushing out a special communication campaign to assist beneficiaries, but Sandy is concerned folks may fall through the cracks with such a short turnaround (60 days from the end of the federal PHE) to get everything updated for such a large group of people. The MDHHS website will have additional information available shortly as well. Sandy encouraged folks to stay tuned and to watch the mail as the clock will start ticking very soon. Lastly, the Board was remined that our sub-capitation form MSHN is dependent upon the numbers of active Medicaid and Health MI beneficiaries.

# VII. ADJOURNMENT

With no other business a motion was made by Joan Williams with support from Deb Nagel to adjourn this meeting at 6:44 p.m. Motion carried.
